

Building Envelope Consultant

B.E.E. Consulting, LLC is an established Building Envelope Design and Consulting firm located in the Seattle area. We provide building envelope consultation and inspection, energy analysis, window testing, and air barrier testing. Our projects include all building types ranging from municipal and educational to commercial and residential.

BEE is a group of licensed professional engineers, consultants, experienced construction inspectors, testing technicians and CAD drafters who have extensive experience in envelope details and materials specifications.

BEE is looking to add a Project Manager to our team who has experience in the building envelope industry.

Work includes:

Project and Client Management

Consult with Owners, Architects, and Engineers

Lead and support schedules and deliverables for team members

Produce detail sets and material specifications for building envelope design

Design support and on-site consultation during construction administration

Qualifications:

Minimum 5 years' experience in building envelope design.

BS Degree in Engineering, P.E. certification preferred.

Good technical writing and communication skills.

Ability to work with team members in multiple departments.

Working knowledge of AutoCAD preferred.

BEE supports individual career development within our company.

Benefits include Medical, Dental, Vision, Simple IRA w/ matching, Paid Vacation, Paid Holidays and Wellness Program
