PROFESSIONAL SUMMARY

Mr. Joiner joined BEE Consulting, LLC in July of 2021 as an NFRC Simulation Technician. As part of our Testing Team, he works as a Simulation Technician running laboratory fenestration tests for NFRC certification.

In May of 2022, Mr. Joiner was promoted to Simulator in Responsible Charge and currently oversees our NFRC testing projects.

Previously, Mr. Joiner worked as a Simulation Technician for National Certified Testing Laboratories Northwest in Everett for three years running simulations for NFRC certification.

Mr. Joiner also worked at Hima Farm and Wholesale Nursery as a Farmer feeding and caring for the animals, harvesting produce, caring for the plants, and planting trees, as well as operating agricultural machinery and driving tractors.

B.E.E. Consulting considers Mr. Joiner’s varied skill set and flexibility a great asset to our team.
