Foundation Repair Expert

### PROFESSIONAL SUMMARY

Mr. Khayrutdinov joined BEE Consulting, LLC in June of 2022 as a Drafter in our Design Drafting Department. As part of our Design Drafting team, Mr. Khayrutdinov provides detail drawings and preliminary designs of building envelope details on many different projects.

Prior to BEE Consulting, Mr. Khayrutdinov worked as a technician at King & Prince Seafood in Redmond trouble shooting electronic and mechanical malfunctions in their equipment; finding the cause, then the solution, and implementing it.

Mr. Khayrutdinov also worked at Seattle Foundation Repairs in Seattle diagnosing problems and determining outcomes to meet customers' expectations. He performed engineering inspections of foundations, retaining walls, and various structures, then moved on to provide solutions to resolve structural and waterproofing problems.

Before coming to the United States, Mr. Khayrutdinov worked as an English Teacher in Lijiang, Yunnan, China and held various construction related jobs in Russia while attending University and after graduating, including that of an Architectural/Structural Drafter.
